**STRONG COMPANY IS WITH MISS RUSSELL.**

**MT. CLARE**

In the Play She Will Present at Fairmont Friday Night.

Lillian Russell will be the attraction at the Grand, at Fairmont, Friday, March 17.

The offering which Miss Russell brings there for this engagement is a comedy of the present called "In Search of a Sinner," by Charlotte Thompson, and in which she has been meeting with universal recognition for her wonderful advancement as a comedienne.

"In Search of a Sinner," is in three acts with its locale in and about New York. Its action unfolds a unique story of feminine contradictions and delightful surprises growing out of the central character's quest of a husband who can be sinner enough to be human. This longing comes from her effort to shake of the exaggerated recollections of ten years of boredom with a "perfectly good husband." Miss Thompson has elaborated this theme with splendid touches that make a general appeal to an audience, and has kept her story in a light key throughout its telling.

The piece fits Miss Russell splendidly and as Georgiana Chadbourne, the heroine of the tale, she has the best part she has ever played. Her personal domination of the tale is complete and of course she remains the same beautiful and attractive artist that she has always been. Joseph Brooks has surrounded her with a capable company and given the play a gorgeous mounting, its three acts being marvels of scenic charm. The gowns worn by Miss Russell will be a feature of the production.

The cast includes Harry C. Browne, Joseph Tuohy, Lynn Pratt, Alfred Hudson, Jr., John C. Brammall, Edward Warren, Victor Benoit, Dan Fitzgerald, Jessie Ralph, Hattie Russell, Elsie Scott and Ruby Ross.

**LIVER BLOOD**

**MUNYON'S PAW-PAW PILLS**

Munyon's Paw Paw Pills are unlike all other laxative or cathartics. They coax the liver into activity by gentle methods. They do not scour; they do not grip; they do not weaken, but they do start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition, and corrects constipation. In my opinion, constipation is responsible for most ailments. There are 26 feet of human bowels, which is really a sewer pipe. When this pipe becomes clogged the whole system becomes poisoned, causing indigestion, indigestion and impure blood, which often produce rheumatism and kidney ailments. No woman who suffers with constipation or any liver ailment can expect to have a clear complexion or enjoy good health. If I had my way I would prohibit the sale of nine-tenths of the cathartics now on the market, for the reason that they soon destroy the lining of the stomach, setting up serious forms of indigestion, and so poisons the blood that they refuse to act unless forced by strong purgatives.

Munyon's Paw Paw Pills are a tonic to the blood, and they purify the blood. They invigorate instead of weaken; they cleanse the blood instead of poisoning it; they enable the stomach to get all the nourishment from food that it is capable of.

These pills contain no alcohol, no drugs, no opiates, no sugar, no heating and stimulating. They school the bowels to act without pain.

Regular size bottle, containing 45 pills, 25 cents.
